HOW TO EXPLODE YOUR SALES THROUGH CLASSIFIED ADVERTISING!

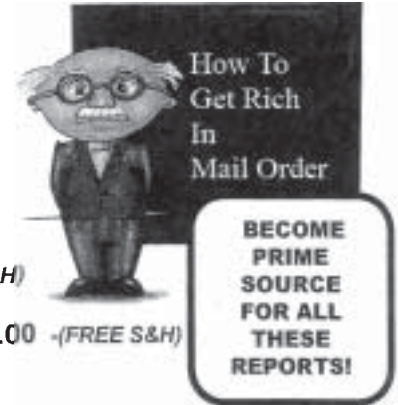

**Classified Advertising
is a MUST!**

Classified ads, when used effectively, can be one of the quickest and inexpensive ways to increase sales and customers. A single well-written classified ad can generate hundreds of thousands in sales, but only cost you pennies to run.

Unfortunately, most people don't appreciate the pulling power of classified ads. They think classified ads are for selling cars, or finding jobs, not for expanding a business. And while it's true a classified ad is a good way to sell a car, or find a job, it is also true that classified ads can be used to launch and operate a multi-million dollar business.

Thousands of people have earned a comfortable income from classified ads - with great happiness and contentment in their own business.
